Review of Political Activities

The objective of the Party is to expose fraud, corruption and other criminal activities at local and national level. This also involves exposing negligence by the regulatory authorities such as the police

The main focus of the activity began with entering two candidates into the General Election of 6th May 2010. The two candidates constituencies were:

- * Portsmouth South
- * East Hampshire

Unfortunately both candidates lost their deposits

The Party continues to make strong representation on behalf of people who are oppressed or who are exploited by those in central or local government and to support and nominate candidates at local and national elections

Membership nil

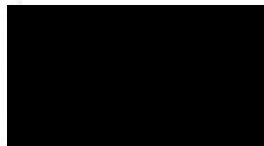

There are no elected members at either local or national level

Review of Financial Activities

Currently there have been no subscriptions. There was only one donation for the year to cover the costs of the candidate in Portsmouth South

The Party continues to pursue media exposure and has received complimentary support from both television and newspapers. Public awareness and support is growing. There party has no fixed overheads as one of the founders meets all office costs from his home. In consequence no fixed assets have been purchased and no loans or commercial contracts have been entered into
